National School of Excellence

John Muir School, dedicated to an evolving vision of quality elementary education for all its students, cultivates knowledge and skills, develops enthusiastic lifelong learners who embrace and value diversity, fosters self-esteem, and promotes respect for all in the global environment, through research-based individually appropriate and integrated curriculum, and partnerships among school, community, families and others.

Achievement Scores

On the WSAS, Muir fourth grade students scored above the Madison Metropolitan School District average in the areas of reading, language arts, and math.

Special Classes

Specials classes integrate the content area skills/concepts being taught in the regular education classroom. The Muir REACH (Reinforcement and Enhancement for All Children) Program, better known as SAM, allows ALL students to go deeper and wider into the area of science and math.

Special Opportunities and Programs

Opportunities for exploring special interests abound at Muir. Story time and after school Science Clubs are just a couple of the programs available to students. In addition, John Muir School offers Reading Recovery, English as a Second Language, psychologist, social worker, and nurse support services.
